The APY Executive Board of Management met today to discuss current APY entry restrictions.

The APY Board advise that entry to the APY Lands is unrestricted for those travelling within South Australia.

The SA Government has lifted border restrictions to Victoria, but hard borders remain for the other states and territories.

Restrictions were triggered last week after an SA miner returning from the NT tested positive to the fast-moving Delta variant.

APY reminds everyone to proceed with caution, as COVID-19 is still dangerous to the Anangu Tjuta. We encourage everyone to get their vaccination when available.

Please check the APY Facebook page or the APY website for any further updates.
